Vitamin E is a compound that plays many important roles in your body and provides multiple health benefits. In order to maintain healthy levels of vitamin E, you need to ingest it through food or consume it as an oral supplement. Read on to find out which foods are recommended sources of this essential nutrient, along with other basics to know about vitamin E. What Does Vitamin E Do? Vitamin E is classified as an antioxidant. This means that vitamin E helps to destroy harmful compounds called free radicals that can build up in your body. Free radicals cause damage to cells through oxidative stress, and they've been linked to aging and health problems such as cancer and heart disease. Getting enough vitamin E on a daily basis may help to combat these

conditions by protecting the outer membranes of your cells from free radical damage. "This trend will continue because the big players are now scouting for companies that complement their offerings or add new segments that could help them with incremental growth," said Rishabh Lawania, founder of Delhi-based startup research firm Xeler8. "Also, given the current tight funding scenario, smaller startups won't be able to raise funds like they could do before. So they will have open themselves to acquisitions." Some of the top M&A deals in the B2C startup space in 2016 include: In all the research we conduct with this generation at MTV, the word we perhaps hear the most is "smart" (closely followed by "random," "awkward," "awesome," and "love"). "Smart" means a multitude of things to the generation, but one thing that's common is that it carries a very high premium and social currency. For the most educated generation in history, told by so-called "velcro" parents that smart is everything, it should hardly be a surprise. And indeed 57% of the generation consider themselves smarter than their parents, and 68% agree that "Nerds are the new jocks"! A version of this article appeared in the November 2005 issue of Fast Company magazine. 2. What will it mean to make your product ten times smarter than it is today? A skunkworks at BMW builds customized, high-performance screamers. It's also building a better BMW. 1. What will it mean when co-creation with your consumer becomes part of your business model? These are the core obsessions that drive our newsroom—defining topics of seismic importance to the global economy. MTV made a decision at its point of inception to never grow old with the audience but to reinvent periodically for each "generation next." So naturally, we have been one of the companies impacted first and dramatically by the Millennial generation coming of age as entertainment consumers. Why Are My Ears Itchy? 5 Common Causes of Itchy Ears. Marketing to this generation may be more like a two player game, where everyone's looking for the win win. How will your campaigns create a sense of "play" on the part of the audience, a sense of depth and levels, a sense of engagement, a validation loop, and ultimately a sense of material and emotional victory (or even of being the special one that figured out how to game it)? In the marketing campaign for Halo 3, level after level of depth was buried within layers of the marketing campaign, consumers freeze-framing DVR playback of commercials to pick up codes embedded in the film to follow breadcrumbs down Internet wormholes for the next clue. Work Life 5 books to help you finally achieve work life balance. 4 High-Performance Stocks to Buy for Their Special Dividends.
